

GRANITE FALLS SCHOOL DISTRICT

INSTRUCTION POLICY 6095: EDUCATIONAL TECHNOLOGY

The Board of Directors of the Granite Falls School District is committed to providing leadership and support for the development and implementation of appropriate instructional technology for all students.

The Board holds that:

Educational technology motivates and energizes students of all ages, encourages clear communication, stimulates competent decision-making, fosters creative thinking and inspires life-long learning.

The District will enhance the educational environment so students are able to learn about, with and through technology.

The Board will support programs to train staff and to keep them current with changes in educational technology.

ADOPTED: NOVEMBER 12, 1992

AMENDED: APRIL 27, 2000
