

College Planning

BUILDING YOUR COLLEGE LIST

Saturday, April 14 • 11 a.m. - 12:30 p.m.

Students who attend the college that is the right fit for them are more likely to complete their degrees. With fewer than 40% of students earning a degree in 4 years and only 62% graduating, choosing the right college to maximize on-time graduation potential is critical. Using Sno-Isle Library resources and free on-line websites, Andrea Main of Main Education Consulting will show you how to identify the colleges that best fit your student: academically, financially and socially.

For families with students in grades 8 - 11.

TOURING A COLLEGE

Saturday, April 21 • 11 a.m. - 12:30 p.m.

Colleges spend a great deal of time fashioning their public images. Families invest both time and money into college visits, but often come away with little new information. Andrea Main, of Main Education Consulting, will guide you in preparing for college visits (and college fairs)- who to talk to, what to ask, what to look for-to get the information you need to determine if the college is a good fit for your child.
