

Voices of Youth

Do you ever wonder what the youth in this community face?

Do you want to know what you can do to help?

“Voices of Youth” is a program that anyone in the community can attend. Teens get up and talk about their walks in life so far and how it has impacted them. It is a great opportunity to listen, learn, ask questions, and interact with these teens.

Representatives from agencies providing youth resources throughout the county will be available following the youth panel.
