Crossroads

HIGH SCHOOL

"No one ever made a difference by being like everyone else"

-THE GREAT SHOWMAN

ABOUT US

Crossroads is a Nationally Accredited High School located in Granite Falls. We serve students in grades 10-12+ who have not found success in traditional high school or online settings in a supportive, inclusive learning environment.

We offer smaller class sizes, daily advisory, schedule flexibility, Night School, work credit, a quarter grading system, community service opportunities and outreach, on-site daycare, and opportunities to earn credits through project based learning and credit retrieval.

#XRKINDNESS

We use a trauma informed approach by building relationships and empowering students academically, socially and emotionally. We care about our students and their story. We understand that they are more than just a student. This philosophy is reflected throughout our school family, by our caring staff and from our inspirational students.

OUR MISSION

Crossroads encourages a desire for lifelong learning in a safe and supportive environment that prepares and empowers students academically, socially, and emotionally.

CROSSROADS HIGH SCHOOL IS...
