

Language Competency Testing 2023

Can you fluently read, write, speak, and listen in a language other than English?

Students in grades 9 through 12 can earn high school credit in a world language by successfully passing district-approved assessments and demonstrating language proficiency in the content areas of listening, speaking, reading, and writing in this language.

- Students can earn up to four credits, depending upon the level of proficiency they demonstrate on the assessments across all four content areas.
- Students may earn proficiency-based high school credits, can meet the world language credit requirement for graduation, and may qualify for the Seal of Biliteracy on their diploma.
- The overall score is determined by taking your lowest score from all 4 sections. For example: listening 4, speaking 4, reading 4, and writing 1. Overall score = 1.
