GFSD TEACHER RAISING MORE THAN JUST GRADES

6TH GRADE TEACHER BUILDS STUDENT CONFIDENCE

Distance learning has been a challenge for staff and students alike. The struggles for students at times as been truly overwhelming and many have suffered low self-esteem and lack of motivation. One teacher has decided to not only work with his students on grades who may be struggling with academics, but he has also chosen to spend time motivating and tutoring those in his class, which has increased Scarlette Rice's confidence and determination to finish the year strong and complete her work. Brisha Rice, Scarlette's mom, has stated "I appreciate him sincerely and am so thankful he is her teacher."

Scarlette Rice is a sixth grade student in our Virtual Academy program.

Way to go Brian Moen! You are a shining star.

Mr. Moen   Scarlette Rice
