"We Expect Success"

Dear Students and Families,

It is with a grateful heart that I share with you the generosity of the Tulalip Tribes that allows for Granite Falls School District teachers and staff to receive their first dose of the COVID-19 vaccine on Monday, March 8th, or Wednesday, March 10th.

Please be aware that Monday morning we plan to have our PK-3rd grade teachers and staff be the first members of our staff to be vaccinated. They plan to provide in-person instruction that afternoon. Also, be aware that all other grades will likely have some asynchronous learning for your child(ren) depending on vaccination schedules. Your teacher will be in touch with you to share Zoom availability and asynchronous learning for both March 8th and March 10th.

The second vaccination will be scheduled four weeks out. Exact dates and similar arrangements will be shared with you when that gets closer.

Be well, be safe,

Dr. M
